

CITATION

Honourable MP Shri. Arvind Sawant, South Mumbai

Respected Shri Arvind Sawantji, we take this opportunity to convey our heartfelt gratitude for your benevolent and sympathetic support to our cause.

You have honoured us with your inspirational presence and wisdom despite your busy schedule consisting of your hectic and demanding parliamentary program riveted with an equally challenging anticipation of the common man.

When we were lost in the dark without any hopes of reaching our destination, when the very pillars of our shelter transformed into the gallows of hell, your aura enlightened our way, and inevitably ignorance gave way to knowledge. It is your guidance that has made us thrive together as a family.

Our words of reverence are merely not even an iota close to the immense debt we owe you. Our words are too small to encapsulate your involvement but its only words that we have to thank you.

It is our heart's sincere aspiration that your hard work and dedication takes you further in all walks of life. May you reach the zenith of your professional life and be an apostle of leadership and service for the society in the years to come.

May Devi Bhavani bless you with prosperities, wisdom and good health.

Jai Maharashtra!
