for Director General of Meteorology

A-31011/1/15-E-III
ANNEXURE-I

Reply to point raised by General Secretary, IMD NGSU vide letter dated 16th March, 2017

1. Proposal of OTA and NDA.

As per inputs from E-II Section, the proposal of OTA/NDA was submitted to MoES on 03-04-2017 for consideration. However, MoES returned the proposal on 13-04-2017 suggesting to re-submit the same on completion of the amendment process of the R/Rules of the concerned cadres by incorporating the classification "Scientific & Operational."

2. Inclusion of Compensatory Off in service records.

Rule Position: As per the instant rules, Compensatory-Off (CO) should be granted within **one month** of its becoming due. This condition may be relaxed in exceptional circumstances which is to be decided upon by an officer of the rank of Joint Secretary in the case of Secretariat staff and Head of the Department in the case of staff of attached, subordinate or other offices, who will satisfy himself and certify that the grant of compensatory leave to all the staff within a month would cause serious dislocation of current work. There will be no limit upto which compensatory leave may be allowed to accumulate but not more than two days compensatory leave may be allowed to be availed of at a time.

The accumulation of compensatory-off in IMD is inescapable as the operational requirement of the Deptt. is managed by depleting 40-50% staff and the existing staff avails their leave (CL, EL, HPL), public holidays, tours, trainings etc. resulting in recurring compensatory offs.

The solution is to immediately fill all feeder cadre posts. *The rule does not permit to credit compensatory leave in service records.*

However, the competent authority may take policy decision that whatever compensatory off are generated in continuous operational duties, the same can be availed in a calendar year provided the head of controlling office certifies that management of work is not possible without grant of CO.

3. Seniority List of Mechanical Cadres (Industrial & Non-Industrial)

The Seniority List of Mechanical Cadres (Industrial & Non-Industrial) is under process.

4. Confirmation of newly recruited Scientific Assistant.

The confirmation of newly recruited Scientific Assistant was already uploaded on METNET vide File No. A-31011/1/15-E-III/Confirmation dated 10-03-2017.

5. Maintenance and preparation of APAR-Guidelines.

The guidelines as per instant DoP&T rules are already being followed in IMD.

6. Promotion in the cadre of M.O-III from MTS.

DPC meeting for promotion of 41 MTS to M.O-III was convened on 30-03-2017. Minutes of DPC meeting is under approval.

7. Discrepancy in the nomenclature of Canteen Staff.

8. Filling up of vacant post of canteen staff.

9. Framing of R/Rules of Canteen Staff.

As per inputs from E-II Section, the Canteen cadre has been declared as "Isolated" by MoES vide letter dated 09-01-2012 prohibiting filling up of the vacancies in any manner. Hence, point 7 & 8 are not relevant at this point of time.

10. Amendment in the R/Rules of Scientific Assistant.

R/Rules for feeder cadre Scientific Assistant (S.A) upto Scientific Officer-III (S.O-III) is in the final stage of approval. Hence, any amendment at this stage is not possible.

11. Implementation of R.R.Mali Committee Report.

On the basis of inputs received from stakeholders, Dr. R.R.Mali Committee Report will be re-viewed and necessary approval from competent authority will be taken.

17.5.20
