To,

Dr. Jitendra Singh Ji,
Hon'ble Minister Of State,
Earth Sciences,
Government Of India,
New Delhi.

Dear Sir,

In continuation to my earlier letter dated 12th August 2014 regarding, **Review of the promotional avenues in the cadre of Scientific Staff (Group B) and Multi Tasking Staff (Group C) of India Meteorological Dept. to bring them in sync with similar cadres in other scientific organisations and as there is no response from your good office till date.** I am forwarding herewith letter from **India Meteorological Dept.'s Non-Gazetted Staff Union (Estd.19th sept.1947)** which expresses pain and agony among staff as they are being humiliated.

After going through their submission I am convinced that these employees have been meted out with discriminatory treatment by the Department. I express my deep concern and expect my Government to expedite the long pending issue of discriminatory treatment being given to Scientific Staff (Group B) and Multi Tasking Staff (Group C) of India Meteorological Dept. and other employees and confer the justice at the earliest please.

Thanking You.

Yours Sincerely,

Arvind Sawant
